Objective

Motivated Java Full Stack Developer with hands-on experience in building responsive web applications using **HTML, CSS, JavaScript, and React.js**, along with a strong foundation in **Core Java, Java Servlets, JDBC, and Spring Boot**. Passionate about developing scalable, user-centric applications and integrating frontend interfaces with backend services. Seeking an entry-level opportunity in a growth-oriented organization to apply my skills, contribute to real-world projects, and grow as a full stack engineer.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Core Java, JDBC, Java Servlets, Spring Boot

Database: MySQL

Tools: Spring Tool Suite (STS), IntelliJ IDEA, VS Code, Eclipse, Postman, MySQL Workbench, Git, GitHub

Internship

Java Full Stack Developer Intern, Keyan Technologies, Chennai

- Assisted in developing responsive web pages using **HTML, CSS, JavaScript, and React.js**.
- Gained hands-on exposure by supporting senior developers in **client-based application development**.
- Acquired strong understanding and practical knowledge of backend technologies including **Java Servlets, Spring Framework, and Spring Boot**.
- Integrated frontend components with backend services under guidance.

Projects

Student Management System (React.js)

Designed and developed a single-page Student Management System using **React.js, JavaScript, and Vite** to efficiently manage student records. The application supports full **CRUD operations** through reusable and modular React components, ensuring clean code structure and maintainability. Implemented client-side routing using **React Router** for smooth navigation and applied responsive UI design principles to deliver a user-friendly interface.

JDBC CRUD Application (Java)

Developed a Java-based console application using **Core Java** and **JDBC** to perform **Create, Read, Update, and Delete (CRUD)** operations on a **MySQL** database. Implemented efficient database connectivity, SQL queries, and exception handling to ensure reliable data manipulation. The project strengthened understanding of relational database concepts, JDBC architecture, and backend data processing.

Education

Bachelor of Science (B.Sc.) in Computer Science

2022 – 2025

The New College, Chennai

Higher Secondary Certificate (HSC)

2020 – 2022

St Gabriels Higher Secondary School, Chennai

Course

Frontend Development, Inetz Technologies, Chennai

- Learned **HTML5, CSS3, JavaScript, Bootstrap, and React.js**.
- Built mini projects to strengthen full-stack development skills.
